

Lone Pine Wind Farm

Community Information Session

Capstone Infrastructure is applying for approval from the Alberta Utilities Commission to develop, build and operate the Lone Pine Wind Farm (the Project). The Project is a wind energy generation power plant with a targeted capacity of up to 350 MW located in Kneehill County.

Please join us at the Torrington Hall for an open-house information session to meet members of Capstone's team and learn more about the Project.

Date:

October 26, 2023

Time:

11 am - 2 pm

4 pm - 8 pm

Location:

**Torrington Hall
202 2 Avenue
Torrington, AB
TOM 2B0**
